

REQUEST TO PLAY DOWN

The Classification and League Organizing Committee will review an application to play down a classification, hear the presentation by the requesting school and consider any other information needed.

The CLOC will then make a recommendation to approve or not approve the play down request. A list of recommendations will be included in the CLOC report sent to the January CHSAA Legislative Council.

A request to play down may be changed by Legislative Council amendment. Final approval for play down requests will be made by the CHSAA Legislative Council.

School _____

Current classification _____

For what sport are you requesting to play to a lower classification?

List your season record in this sport for the past four years (attach a list of opponents with wins and losses for the last four years):

Total wins _____

Total losses _____

Overall winning percentage _____

Returning varsity players _____

Returning varsity starters _____

What is the outlook for success and an improved win-loss record in the next two years?

What conference, district and/or regional have you contacted for playoff competition?
