

## CHSAA Pathway to a Large Group Festival

Directors,

Ever wonder how you can get your group to “take it to the next level,” or perhaps just get ready for your first large group festival? Need help? Our CHSAA certificated adjudicators are here to help!

Our goal is to help all schools – large or small, achieve musical greatness and success. Success looks differently to every school, and our adjudicators are here to help you with your goals. The CHSAA Music Committee has come up with a format where you can hire one of our skilled judges to come to your school for up to 6 hours to listen to your group(s) and clinic you and your program. This could include written and or recorded comments, clinics, individual time with the judge on any questions or concern you may have, plus sight reading help and advice.

Are you interested? Please contact us at the CHSAA office! This individualized time with the judge can happen at any time during the school year, and we are happy to connect you with a judge that is close to your school.

The focus of these individualized meetings will be on instruction and improvement, and not on ratings or scores. This would be a “comments only” clinic where students (and director) would learn what they are doing well and what they need to improve you.

The only cost to you would be the adjudicator’s time which would be a \$170 per day stipend. This fee will go directly to the judge and you will not need to pay additional mileage, food, or lodging costs.

Does this sound like something you would be interested in? We are here to help!

Yours in music,
