

# 2<sup>nd</sup> Quarter Leadership "CD Project" Songs Of My Life

It seems to me that every CD that I have has a few very good Leadership qualities. For example, the cover usually has some kind of creative quality, from art to photographs. The inside of the front cover has everything from song lyrics to a short biography of the artist. The inside of the back cover also can have lyrics or thank you notes to the people who helped the artist throughout their life. The back cover can also have some kind of art along with a song list. So....here is your assignment:

Create your own CD of your life. It **MUST** have the following items included in it:

- ❖ A cover about your life
- ❖ Inside notes about your songs
- ❖ The top 10 songs of your life (why are they important)
- ❖ Lyrics
- ❖ A back cover

- ❖ Somewhere there should also be mention of your personal "Thank you's"
- ❖ If possible....an actual CD of the "Songs of Your Life"
- ❖ This is due **NO LATER** than December 9<sup>th</sup>.  
Sooner if **FINE!**
