

# SERVICE PROJECTS FOR CLUBS

## SERVICE WITH A SMILE

Much of what a club is all about is service, but performing an additional Service Project allows your club to give something back to the school or to the

community. Since you are part of a visible group, your project should demonstrate your creativity and dedication to improving the public relations of our school. It is also a wonderful opportunity for group members to share in a project. There is always something that needs to be done and you might as well have fun while you're doing it! Many clubs have a great deal of pride in their projects. Projects may be one-time activities or yearlong and on-going projects. At least one service project is encouraged for each club or as a condition for chartering.

### A few service project ideas:
