

**CFOA Mechanics Test  
2018**

Each official is required to demonstrate his mechanics knowledge by passing a non-randomized test approved by the CFOA Board with the passing score of 85% or better.

The test is 20 questions.

Failure to pass the mechanics test means no playoff assignments for 2018. Note: As of 2017, this will be required for sub-varsity and varsity assignments.

Officials may look up answers in the CFOA Mechanics Manual.

Three attempts to take the test will be available.

The mechanics exam will be offered on Arbiter from 7/15/18 to 8/22/18.
