Presenter(s) Gary Strubel & Pat McGraw

NOTE: As of 1-15-17, a Satellite Clinic for officials is NOT presently scheduled for the Southwest corner of the state. Should this change, we will update this information on the CHSAA website and in the CTFOA Newsletter.

.....
*The CTFOA & CHSAA have approved the **above** State Satellite Clinics designed specifically for **officials** for the 2017 Track & Field and Cross Country Seasons.*

*Out of the blocks, league meetings, etc. are being offered around the state for coaches to satisfy the CHSAA requirement for a New Rules Clinic. These “New Rules Clinics” for coaches are being scheduled independently by schools/leagues around the state. Coaches Rules Clinics are designed specifically for coaches. Schools/Leagues **must** make arrangements with a Certified Rules Presenter that has been identified by the CTFOA to present at their site. A list of these presenters can be obtained from Gary Strubel, President of the CTFOA gharleyclassic@gmail.com. The rationale for requiring certified officials who attended the Master Clinic in Aurora on 1-27-17 or 1-28-17 is designed to maintain a consistent presentation of the rules across the state.*

*All officials must attend one of the clinics listed **above** as **NO** other clinics are being offered.*
